Hi Brad,

Thank you for getting us this summary so quickly. Attached are a few minor edits. Also, do we want to include Consultant observations and/or recommendations? Do we want to mention who you interviewed and what they had to say? Do we want a Conclusion?

Let us know your thoughts!

Re: payment – Jose is back on Monday and we will have him process the check right away.

Thanks!

Hello Kent & Rena!

Many thanks for inviting me out to your fascinating district last week.

Attached are items for your review, including:

- Draft Summary from the workshop – Note that this needs some help from you to insert board and staff participant names (page 1) and provide a pdf version of the financial history presentation you developed. I have attached a pdf version of my presentation, which would also be included as an attachment.
- Invoice from PUMA

Let me know if you have any suggested edits/additions to the summary and/or any questions on the invoice. Thanks again!
